Register Now!

STEM YES! stands for the **Science, Technology, Engineering & Mathematics Youth Enhancement Summer** program!

Our comprehensive summer program has **2 sessions, each lasting 2 weeks** in central Indiana. **7th-12th grade** students may participate. Through job shadows, work-based learning, and more during our program. Students will develop competencies in: *teamwork, business planning, presentation skills, soft skills, STEM careers, and college prep.* **Join us this summer!**
